We are grateful that you are interested in serving with us on the leadership team in West Virginia. Understanding that you are giving up valuable vacation time to do this, we are not asking for you to pay for your trip (\$875/person). Having said that, we know some of you still desire to help with the costs, making a contribution yourself or sending out support letters to friends and families. That's entirely up to you.

In order to help us plan our budget, we are asking leaders to give us an estimate of how much, if any, they plan to contribute to the cost of the trip. Your ability to pay will not affect whether or not you are selected for the trip.

Of the \$875 cost, how much will you contribute (including money received from support letters)?

(Note: We expect that all leaders will participate in fundraising activities with the team as well.)
